QURBAN WITH GLOBAL EHSAN RELIEF

Around the world, more than enough food is produced to feed the global population — but over 811 million people still face hunger every single day. For many of them, Eidul Adha is one of the few times a year they get to eat meat. GER launched its annual Global Qurban Project with the aim of providing aid to these people in need.

This year, we also launched additional special Qurban Packages –

- 1. Prophetic Qurban Campaign** encouraging people to do an extra Qurban on behalf of the Ummah after fulfilling their own, as the Prophet (ﷺ) himself did.
- 2. Qurban For Orphans** Qurban meat plus food aid packs for orphaned families in Aceh
- 3. Qurban For Refugees** Qurban Meat plus food aid packs for Syrian Refugees
- 4. Qurban Emergency** Qurban meat plus food aid packs/cooked meals for India

Alhamdulillah, the campaign was a success, with many of you welcoming the challenge. **Thanks to your generosity, we were able to share the blessings of Eid with over 270,000 beneficiaries in 35 countries this year**, providing them with much-needed meat for them to enjoy good, nutritious meals on the blessed Eid days.

IMPORTANCE OF QURBAN

To provide the neediest communities with fresh and nutritious meat. Qurban season also helps to support economies in impoverished countries, as many farmers there rely on their earnings from the sale of livestock to sustain them for months to come.

Purpose of Qurban Project

We helped to implement Qurban in 35 countries this year, all across Asia, the Middle East, and Africa. We especially focused on providing Qurban aid packages to orphan families and refugees.

Qurban Project Expectations

By performing the sunnah of Udhiyyah (sacrifice), which is highly encouraged, not only do you gain immeasurable rewards in the Hereafter, you also help to feed impoverished communities all around the world. By doing the Prophetic Qurban, you have doubled your rewards and ensured that even more people receive the gift of food this Eid.

QURBAN PROCESS

We work with trusted partners around the world to ensure that your Qurban is done in accordance with Syariah and best practices.

A. Selection & Procurement

Our teams and partners in each country visit local farms a few days prior to Eid al-Adha to hand-pick the livestock that will be slaughtered. They examine the animals and ensure that only the healthiest ones which match the requirements for Qurban are chosen.

B. Slaughter & Packaging

The animals are sacrificed at local mosques, courtyards or slaughterhouses, by experienced personal who adhere to Islamic guidelines when carrying out the slaughter of animals. The meat is then weighed and packed into 1-2kg packets for distribution.

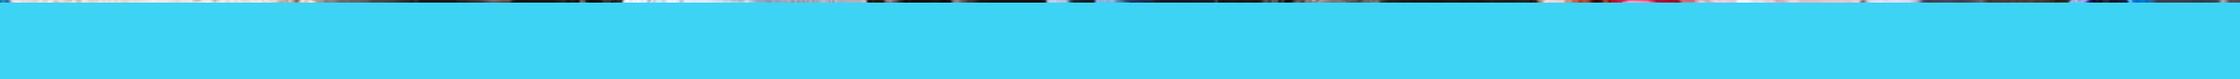

C. Distribution

The packed meat is then delivered to the beneficiaries' villages or camps, and distributed accordingly. Our beneficiaries include the poor, needy, orphans, widows, refugees, IDPs (internally displaced peoples) and the elderly.

YOUR QURBAN IMPACT IN ASIA

64% of all malnourished people in the world live in Asia. As the world's most populous continent, Asia is home to more than 500 million people living with food insecurity. The majority of them are from rural areas, where poverty is a vicious cycle and access to nutritious food is difficult.

This year, your Qurban donations helped to feed beneficiaries in 13 Asian countries. **The largest Qurbani program in the region took place in India's West Bengal region, where over 500 animals were sacrificed.** The meat here was distributed across hundreds of poor Muslim villages. Our Qurban program also included the Rohingya refugees in Bangladesh, the poorest families in Myanmar, and rural communities struggling with extreme poverty.

YOUR QURBAN IMPACT IN AFRICA

It's long been known that African countries are among the worst affected by poverty and hunger. Africa has the second-largest number of malnourished people in the world after Asia, with 264 million people living with severe malnutrition.

This year, your Qurban helped to feed 74,250 beneficiaries in 15 African countries. Your generosity provided them with nutritious food to sustain them for at least the next month.

The largest program was in central and western African countries of Cameroon, CAR, Chad, Malawi, Somalia and Somaliland where 1,210 goats and 118 cows were sacrificed, feeding thousands of families in the central districts and providing meat to families in the shanty areas of the capital, feeding hundreds of poor and orphaned families for the days of Eid, alhamdulillah.

YOUR QURBAN IMPACT IN MIDDLE EAST & BALKANS

With conflicts raging across many of its countries, and a pandemic making things worse, the Middle East is facing a severe food insecurity crisis.

An estimated 52 million people in the region are chronically undernourished, 34 million of whom are from conflict-affected countries like Syria, Gaza and Yemen where our largest Qurban program took place. The meat of these animals brought smiles to thousands of surviving families still recovering from the devastating effects of war.

Alhamdulillah, your Qurban donations eased the burdens of our beneficiaries by supplying them with fresh meat and nutrition. A total of 6 Middle Eastern countries benefited from your generosity.

SPECIAL QURBAN PACKAGES

On top of fulfilling Qurbani obligations, our special Qurban packages gave donors the opportunity to send humanitarian aid together with their fresh Qurban meat donations.

These packages were made especially for orphans in Aceh, Indonesia, and for refugees in Syria. Another package for Qurban for Emergency Appeal was made to supplement the COVID-19 Emergency Appeal in India.

Qurban For Orphans in Aceh

The Qurban for Orphans package includes the donation of 1 cow share and a food aid pack, which can feed an orphan family for up to a month. **Distributed in various locations in Aceh, 500 orphaned families received the fresh meat and food aid pack each for which they are extremely grateful.**

Some of the distribution locations include: Banda Aceh, Aceh Besar, Tangse, Abdya, Aceh Selatan, Arongan, and more.

SPECIAL QURBAN PACKAGES

Qurban For Emergency Relief in India

Prior to our Qurban project, we have sent vital aid to India as part of our COVID-19 Emergency Response. It included food aid, medical supplies, and oxygen tanks.

On Eid al-Adha, we supplemented the emergency aid in time for Qurbani season. This Qurban package will provide those affected in India with a share of Qurban meat, an essential food aid pack, as well as biryani meals.

We hoped to support the families who were severely affected by the pandemic. Whether they have fallen ill to the virus, or their livelihoods were affected due to the pandemic, the aid is meant for them.

Alhamdulillah, more than 9,000 people benefitted from the meat. 100 food aid packs and 1,000 biryani meals were distributed to the beneficiaries.

Your donations gave them something to be grateful and hopeful for, amid the rising concerns surrounding the country's public health.

SPECIAL QURBAN PACKAGES

Qurban For Refugees in Syria

After years of conflict, the people of Syria have been through a lot. Displaced, losing family members, stripped of their basic rights, we thank you for sparing a thought for Syrian refugees who have been living with very little.

Our Qurban for Refugees package provided refugee families with a share of Qurban meat and food aid packs.

More than 7,000 people received fresh Qurbani meat on the day of Eid al-Adha, and 400 families received food aid, containing groceries and basic food items that could last them up to a month.

Your Qurbani brought joy and set the mood of festivities for the internally displaced families located in the Harbanush and Maretmesrin camps in Idlib, where the distribution was held.

QURBAN STORY

Syrian Refugee in Lebanon

When asked what they want for Eid, most children would excitedly request toys, games, or new clothes. For some, however, there is a more pressing need.

“I just want to eat some meat. The last time I had it was 4 months ago,” says Muhammad, a young Syrian refugee.

For children like Muhammad, your Qurban donations were life-changing. Their families struggle to survive in extreme poverty or war-torn countries. Eid is one of the few times of the year that they can be assured of having food to eat.

You can continue to make a difference in their lives year-round by donating to Global Ehsan Relief’s projects. Help them break the cycle of poverty by easing their burdens, and allowing them to breathe a little easier.
